Ideals are like stars, you will not succeed in touching them with your hands, but, like the seafaring man, you choose as your guides, and following them you will reach your destiny.

Do more than exist . . . live.
Do more than look . . . observe.
Do more than read . . . absorb.
Do more than hear . . . listen.
Do more than listen . . . understand.
Do more than think . . . ponder.
Do more than talk . . . say something.

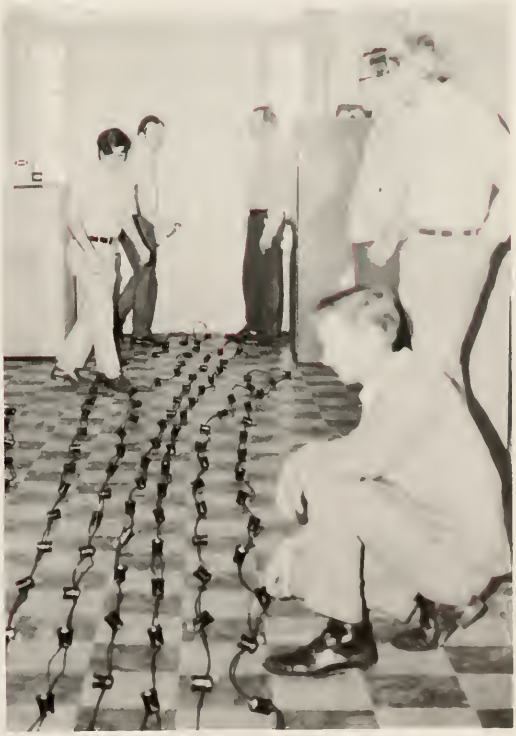
Working and looking beautiful.
That's our thing!



Planning,
working,
and
enjoying
is all a part of learning.

The best cosmetic in the world is an active mind that is always finding something new.

Don't worry and fret, faint-hearted,
The chances have just begun,
For the best jobs haven't been started,
The best work hasn't been done.

Man's actions are the picture book of his creeds.

Only those who have the patience to do simple things perfectly ever acquire the skill to do difficult things easily.

Motivation is a quality within a man that leads to accomplishment. Any man who can experience it is a man who can achieve what he wants. Many things motivate men to action. With some the motivation is financial gain. Others seek personal self-fulfillment and a feeling of accomplishment. Still others are motivated by a desire to serve other people. The ideal kind of motivation combines all three.

# CHRISTMAS DANCE

Action releases truth so it can inspire and regenerate; action releases ideas so they can bless and benefit.

Your own dreams, hopes, aims, purposes mark time until you start them marching.

The work to be done, the goal you seek will only be achieved when you get off dead center and make a start. Goethe gave us the magic key: "Only begin and then the mind grows heated/Only begin and the task will be completed."

Your ideas and ideals become dynamic when you do something about them, when you express them in everyday action.

Your dreams come true when you act to turn them into realities.

"Art," said Tolstoy, "is a human activity having for its purpose the transmission to others of the highest and best feelings to which men have risen."

Action sculptures your life; action sculptures the world. You practice the art of action when you act to bring the good into visibility.

There's one in every crowd!

The best way to find a helping hand is at the end of your arm.

But I had to do it last time!

All alone am I!!!!

The things we go through.

# IT'S NOT ALL HARD WORK

I know he's the President, but wasn't he first the last time?

"Eat now, talk later."

"Has anybody found a chair yet?"

Now for the long awaited news, The new Mr. Cleveland Tech is . . . .

Are there any "grits and hogjowls" left?

"Tomorrow, I'll tell him . . . Scope in the morning."

Why is there seldom time enough to do a job right, but always enough time to do it over?

"This thing called work."

"Put your X on the dotted line."

Are you sure that wall won't fall, Mr. Smith?

"Just call me shy."

"We're just one big happy family."

Oh, you say the cutest things!

"Maybe if I ignore them, they'll go away."

Youth is the time for the adventures of the body, but age for the triumphs of the mind.

Things could be worse.

How do you like them apples?

Seldom is a man's future scrawled across the sky. More often the sign posts that mark the turns ahead are found in unsuspected places.

No man is really well-dressed who does not wear a friendly expression on his face.
